

HAMZA BIN NASIR

Frontend Web Developer

📍 Faisalabad, Punjab, Pakistan

✉️ myselfhamzanasir@gmail.com

PROFILE INFO

- Assisted in designing and developing responsive web applications using HTML, CSS, and JavaScript and React.js.
- Contributed to UI/UX enhancements and implemented interactive features to improve user experience.
- Collaborated with the development team to debug and optimize code for better performance and compatibility.

EXPERIENCE

2023 - 2024

Internship in SMIT (Saylani Mass IT Training)

Experienced in frontend web development, specializing in creating responsive and user-friendly websites in React.js. I specialize in building responsive and dynamic web applications with React.js. I focus on creating reusable components, managing state with tools like React Hooks, and optimizing performance. I've worked on various projects where I designed user-friendly interfaces and implemented various features. I also use libraries like GSAP to add smooth animations, ensuring a great user experience.

EDUCATION

2022 - 2023

Frontend Web Development

Completed Frontend Development at SMIT, mastering HTML, CSS, and JS and React.js to create responsive and dynamic web applications.

August 2023 - Ongoing

Bachelor of Science in Computer Science

Currently pursuing a BS in Computer Science, building advanced knowledge and skills in software development for future success.

2021 - 2023

ICS (Intermediate in Computer Science)

Successfully completed Intermediate in Computer Science, gaining a strong foundation in programming and analytical skills for future growth.

2019 - 2021

Matriculation

Successfully completed matriculation, building a strong academic foundation and essential skills for future growth.
